CHRISTMAS HAMPERS TO SCHOOLS

Botha Shellhole received a generous donation from PANSolutions in Polokwane with the express wish that the donation is to be used for the children and residents of Peace Haven. With the go-ahead from the Donor, the Shellhole bought 87 hampers for the schools and 26 for the residents of Peace Haven to be handed over to the residents at the Christmas function on the 07 December 2019.

On 20 November 2019, the hampers were delivered to the personnel that run the feeding programs at three schools:

- a. Pietersburg Primary School (PLS) 43 Hampers
- b. Pietersburg High School (PHS) 23 Hampers
- c. Tom Naude Technical High School. 21 Hampers

These schools have various project giving meals to less fortunate children, in some cases these meals are the only meals that these children eat during the day.
